

Hope Amidst Suffering

Job 42:1-6

1.) God is sovereign in our suffering

2.) Remember Deuteronomy 29:29

3.) We can suffer with hope because of the one to whom we belong

4.) You can have hope in the midst of suffering because of the body of believers around you.

Application:

What can we learn from Job about suffering with hope?

Many here have suffered difficult trials and afflictions. Read 2 Cor 1:3-4 and ask yourself how you can comfort others in affliction.

Are you suffering without hope, without Christ? What should your response be to the gospel?

How will you rely this week on the grace God has given through the body of believers around you?
